

December 2014 / February 2015

Dear Parents / Caregivers

## STATIONERY LISTS

## FEES / DONATIONS

## MATHLETICS

Please find below 'detailed stationery lists' for each year level for 2015. These lists will also be placed on our school website [www.tauriko.school.nz](http://www.tauriko.school.nz). It would be appreciated if students can have their stationery ready for using on the **first day of Term 1 2015 i.e. 2<sup>nd</sup> February 2015**. Many thanks for your support with this.

Our local supplier, Bay Office Products have provided a fantastic offer of delivering packs directly to your home! The cost includes freight, handling and online transaction fees. Just visit the website [www.theschoolstore.co.nz](http://www.theschoolstore.co.nz) - this provides an easy way of ordering products for your children and the options available i.e.

- a full pack as per the list that will be distributed via the children / website
- purchase individual items
- you are also able to visit their shop at 20 Christopher Street, Tauranga

The **only stationery** that is available for purchasing **via the School Office** will be the **New Entrant Stationery Packs (for 5 year olds)** when they enrol, and the **Kluwell Senior Diary for Year 7 / 8 students**.

Dear Parents / Caregivers

Tauriko School has been involved with Mathletics since 2008 when senior classes first began using it as a tool for learning. In 2011 the whole school were involved in the programme as it proved to be very valuable and popular in terms of how quickly students developed and enhanced their mathematical skills and mental arithmetic. In addition, students of all ages and ability levels became very motivated to complete a variety of tasks and on-line challenges regularly. The programme covers a wide range of mathematical concepts with new ideas and challenges being developed all the time that are in line with the New Zealand Mathematics Curriculum.

3P Learning (Mathletics) is constantly updating its service, product and on-line capability.

Due to the success and relevance of the programme each year, all students from Years 1 - 8 will again be involved next year in Mathletics as part of their class maintenance programmes. The licence will be for 1 year; it is accessible 24 hours, 7 days a week and comes at a price of just \$20.00 per student. **Payment for Mathletics will need to be received by Friday 20 February 2015, in order for students to access this learning tool.**

It is a great opportunity for students to take part in the challenging, motivating Mathletics programme at home and school.

All students are expected to be part of the Mathletics programme, there will be in-class support and advice which can be continued and followed up at home. Students are able to access aspects of the programme that link to their learning needs.

The programme has proven hugely popular with the students (and parents) and is great motivation for developing and improving those basic facts and number skills as well as following up on current maths learning from the classroom. Please don't hesitate to contact me if you have any details regarding the programme.

Kind regards
